

# SSHL BP MONITOR

## KB1

Monitor your health effortlessly with SurgiSource Healthcare professional blood pressure monitor and pulse oximeter. Designed for accuracy and ease, this portable device provides fast readings in under 30 seconds. Its adjustable cuff fits most adult arms, and the 99-reading memory allows two users to track their health over time. Powered by USB or batteries, it's ideal for home or travel. With Kaarya you'll stay on top of your blood pressure (ideal range: 120/80 mmHg) and pulse rate (60-100 bpm), while ensuring oxygen levels are healthy using the oximeter. Get reliable results anytime, anywhere!
